YOUR PHOTOGRAPHER
Josée was once a teenager working at a mall portrait studio in a small snowy town in Canada, fantasizing about running her very own studio one day. Twenty years later and miles away from home, she is living that dream while raising a young family in paradise.

LOCATION OF YOUR SESSION
Your session can take place right on the hotel grounds or at a location we both agree on.

YOUR SESSION FEE
Your session fee is due the day of your session. If you’d like to add to your package after seeing how gorgeous your photos are, we can sort that out later.

HOW DOES IT WORK?
We’re going to have a blast the day of your session, I may even surprise you by making the fussy bellyachers in your group have fun! 2 weeks later, I’ll email you a link to view all of the photos we took that day. From those, you’ll choose the number of digital photos included with your package. I will edit those to make them perfect, then send them to you to download so that you can print them and share them with your loved ones.
